To Whom It May Concern:

We began working with Northeast Energy Partners a few years ago and we are very pleased with the results they have attained for us. They locked our electricity in right before Hurricanes Rita & Katrina hit the Gulf, just before the electric prices in Massachusetts sky-rocketed to 19 cents per Kilowatt hour.

We now enjoy a low stable rate and have had continual savings each month since we signed on with NEP. I strongly recommend using NEP's knowledge and expertise for your business.

Sincerely,
