

SOUTHINGTON

CARE CENTER

To Whom It May Concern:

I have worked with Northeast Energy Partners for a number of years now and have found them to be very helpful and knowledgeable in the energy industry.

NEP has helped our Company in many ways, not only by locking us in to a lower electric rate but by being there to answer any of our questions or concerns.

They have approached me with creative ways to handle both my natural gas and electricity needs, and I look forward to working with NEP for a very long time.

Sincerely,
Rit Swenton
