Dear Mr. Haines:

Thank you for coming to see me last week. Especially today, the most precious gift you can give to someone is time. Therefore, I value the gift you gave to me.

I also thank Northeast Energy Partners for having the vision to send representatives into the field to occasionally meet those whom they serve. I now have a greater understanding of what you have been doing on my behalf, and feel more "connected" than ever to Northeast Energy.

We appreciate the interest you displayed in what we are doing here. You represent your company well. I am assured that *you* are watching the electric market, which allows me to better concentrate on what I do - running the radio stations!

I send personal regards and best wishes from WPGM AM FM and WBGW FM.

Sincerely,

George Vacca
General Manager
